

10th Edition - Sunday October 6 – Sunday October 20, 2024

The Montreal Greek Film Festival (MGFF), now in its 10th edition, is an annual cultural event bringing contemporary Greek films to the greater Montreal community. This year being our 10th will be a special 2 week showcase of Greek cinema.

Over the years the MGFF has grown from a simple weekend event to now being a week-long event, attracting thousands of people of Hellenic, Cypriot, Pontian origins as well as many Philhellenes of the city.

Over the years the MGFF has grown from a simple weekend of 3 films in 2009 to the 2024 edition being a 2 week -long event attracting thousands of people from the Hellenic diaspora as well as the Philhellenes of the city. This year, we have contemporary films that fall into many genres including drama, documentary, comedy romance and animation.

The opening night for our 2024 event will be a red-carpet event with many local celebrities, media, the Greek Consulate, local politicians and corporate sponsors. Our young film directors will also show their debuts film via their short film presentations.

Our closing night event will be once again, be spectacular and held at the prestigious Rialto Theatre in Montreal. The evening reception will have music, presentations, dinner and of course a blockbuster film that captured Greek audiences all over the world. We are grateful to have among all the attendees our Consulate general, key political figures and our major sponsors. The evening will commence with cocktails and hors d'oeuvres and a singing performance from one of our local talents.

The Montreal Greek Film Festival will build on its history and continue to bring wonderful modern films to Montreal's vibrant 75,000 + Greek community. The event is done in partnership with the Consulate General of Greece in Montreal, the Hellenic Community of Greater Montreal, and the various Greek community associations. The Montreal Greek Film Festival has a strong social media presence with over 5000 followers on its Facebook, LinkedIn and Instagram pages.
